We would love you to join us!

Friends,

Recently we've lost a few of our board members who have moved out of the area with job opportunities. **To better serve our group we are seeking members to join our board. Whether you've been a member for a number of years or relatively new to our group, your participation on the board may prove invaluable in helping to plan and organize events and initiatives throughout the year.**

The job is really not that demanding. We meet briefly on the second Sunday of every other month, and enjoy food and conversation. At these meetings we plan events for the returned volunteers in our group and we organize happy hours, parties and dinners to promote camaraderie. We also organize charity events, and work with other organizations in South

also organize charity events, and work with other organizations in South Florida to promote Community Service opportunities for our members.

After serving on the board for a number of years myself and the other members always find that new participants to the board bring new ideas and a fresh perspective to our efforts. We would like to welcome you to attend one of our meetings without commitment to join, just to see if you would like to help out in the future. I'm pretty sure you'll find the meeting interesting and fun.

I know all of you have volunteered in the past..... And I know some of you are very busy with your own work, family, and friends. The return Peace Corps volunteers of South Florida was organized 46 years ago and has been growing strong for all these years. I'm sure all of you would like to see the organization thrive for years to come. **Please consider volunteering once again to serve on the board of directors. We need you and remember it's only a couple of hours every other month.**

Looking forward to seeing you at our upcoming events..... If you're interested in helping out with the board please contact me...

VOLUNTEERS!!

Please don't forget that Refugee Assistance Alliance (RAA) is always looking for volunteers to work with and help the refugees in our community. If you have the time and are interested in their efforts, even in a small way, please contact:
